Cloudy Diow is a young R&B artist from Groningen, The Netherlands. His love for wavy trap and R&B comes across very clearly when you listen to this talented singer. Cloudy Diow's high-ranged, stretched vocal, flows fluently on the 808 snares and hats in his airy productions. His 2017 release Dark Nimbuz mirrors the thoughts of this young songwriter and let's you drift off easily. Last year was a good start for Diow; playing festivals all summer and doing supports for well known Dutch artists on tour. But with his upcoming project, which is set to release in early 2019, Diow is really shooting for the stars.

### Leroy Menace (Hamburg)

German 24 year old Leroy Menace is a vocalist, producer and songwriter. Born and raised in Hamburg, he represents the current youth and stands for the global way of life we now cultivate every day. Less and less borders, or so it seems at least, more and more diverse cultural encounters, and a humanistic vision usually struggling on the way to success. He introduced himself simultaneously as a multi talent and a visionary, by producing his own compositions, by curating collaborations the best way he possibly can as through his unique vocal and writing skills. Point was and still is: the soul never dies, it has to be freed, or it'll be imprisoned forever. Furthermore he is one of the current winners of the Hamburg based music price Krach&Getöse by RockCity Hamburg e.V..

### ESO.ES (Hamburg)

Apparently effortlessly, ESO.ES connects worlds and lives interculturality as a matter of course. Grown up in a Hamburg focal point, he is exposed to various cultural traditions - the African character of his Ghanaian father on the one hand, and the artistic direction of his mother's family on the other. Asare does not commit himself. He feels at ease in the gap and is the one and the other at the same time: "I want everything," he says, and therefore he makes use of everything he finds and what interests him. From this, something new, very own, forms: an unmistakable identity.
